

LICENSE FEE FOR TECHNOLOGIES DEVELOPED BY ICAR-IISR

Sl. No	NAME OF TECHNOLOGIES	LICENSE FEE	LICENSE PERIOD
1.	Plant varieties		
	a. Turmeric IISR- Pratibha, IISR -Prabha, IISR- Alleppey Supreme, IISR-Kedaram	₹ 25,000/- per variety	3 years
	b. Ginger: IISR-Varada, IISR-Rejatha, IISR-Mahima	₹ 50,000/- per variety	
	c. Black pepper: IISR-Girimunda, IISR -Thevam, IISR-Shakthi, IISR-Malabar Excel	₹ 35,000/- per variety	
	d. Cardamom: Appangala-1, IISR-Avinash, IISR-Vijetha,	₹ 25,000/- per variety	
e. Nutmeg: IISR-Viswashree, IISR -Keralashree	₹ 25,000/- per variety	5 years	
2.	Micronutrient mixtures		Combo offer
	a. Micronutrient composition for ginger (soils with pH above seven)	₹ 2 lakhs	BUY ANY 2 OR MORE GET Rs. 50000 DISCOUNT ON EACH TECHNOLOGY
	b. Micronutrient composition for ginger (soils with pH below seven)	₹ 2 lakhs	
	c. Micronutrient composition for turmeric (soils with pH above seven)	₹ 2 lakhs	
	d. Micronutrient composition for turmeric (soils with pH below seven)	₹ 2 lakhs	
	e. Micronutrient composition for black pepper	₹ 2.5 lakhs	
f. Micronutrient composition for cardamom	₹ 2.5 lakhs		
3.	Biocontrol agents		
	a. <i>Trichoderma harzianum</i> , a biocontrol agent against <i>Phytophthora</i> foot rot	₹ 1 lakh	5 years
b. <i>Pochonia chlamydosporia</i> , a biocontrol agent against nematodes	₹ 1 lakh		
4.	Plant growth promoting microbial agents		3 years
	a. PGPR microbial consortium for growth promotion in black pepper	₹ 1 lakh	
	b. PGPR talc formation for seed spices	₹ 40,000/-	
5.	Novel Technologies		
	a. Seed coating composition for enhanced vigour and shelf life	₹ 5 lakhs	10 years
	b. A novel method of storing and delivering PGPR/ microbes through biocapsule	₹ 5 lakhs	5 years
