

ICAR- Indian Institute of Spices Research, Kozhikode
Institute Research Committee

20/06/2020

Circular

In continuation of the recently held IRC, where it was recommended to 'Revisit the manpower deployment in various research projects and restrict the number of projects handled by each scientist', it has been decided that a scientist can be associated with a total of only 4 projects as PI and Co-PI, be it institute funded or external funded. Those who are associated with more than 4 may kindly let me know the projects they are disassociating from. However, they can continue to provide external support if they wish so. Kindly let me know your decision at the earliest or latest by 22/06/2020 @ rdinesh2005@gmail.com.

(R. Dinesh)

Member Secretary, IRC
